

EthylWhaleSFCC-directions

Get onto Richards Avenue (south) from one of the following:

- Dinosaur Trail
- Rabbit Road/ Oshara Road (through Oshara Village)
- Governor Miles Road
- Rodeo Road

No matter which of the above you follow, you will pass Oshara Village on your left. Just south of Oshara is a traffic circle, the first of three on Richards Ave. Pass it and go to EITHER the second or third circle.

Circle 2 is College Drive. Go east (left) on it, whale is on your right.

Circle 3 is the main entrance to SFCC. Go left to enter the campus. The campus loop road (unnamed) goes left OR right from another roundabout. Left is shorter, right goes there too. The whale is on the far side of the main college buildings, in the curve of an old running track near the Witter Fitness Building.
